**ADMINISTRATIVE LAW JUDGE'S RULING
GRANTING MOTION TO INTERVENE**

Davis Hydro, LLC (Davis Hydro) filed a Motion to Intervene (Motion) on November 8, 2005. Davis Hydro states that it has expertise on low and sub-megawatt (MW) Qualifying Facility (QF) market access needs and is interested in participating in this proceeding to represent stand-alone producers that generate at the distribution level and are excluded from regional power markets by virtue of their being too small to qualify for California Independent System Operator dispatch. Davis Hydro states that its intervention may broaden the scope of the proceeding related to this customer class, but would not likely slow the proceeding generally. No opposition to the Motion has been filed to date.

The Motion should be granted. Although the opening and reply testimony has already been submitted in this proceeding, the evidentiary hearings have yet

to begin. As permitted by Rule 45(h) and (i) of the Commission's Rules of Practice and Procedure, the Motion of Davis Hydro is granted.

IT IS RULED that the Motion to Intervene of Davis Hydro, LLC is granted.

Dated November 29, 2005, at San Francisco, California.
